Registration

This course is FREE but registration is required. To register, or cancel an existing registration, contact Nancy Rebarchik at nrebarchik@dbstephens.com or (505) 353-9013. Your email request needs to **include** your NM Operator ID #, valid phone, and email address.

A minimum number of participants are required for the class to move forward as scheduled. If the minimum is not met by the Thursday before the classes are to begin, the classes will be cancelled and registrants notified.

Topic Description

This training is open to all operators and is especially suitable for operators who want to build on their already strong foundation in drinking water treatment. The session will include:

- investigation of source water characteristics
- the movement of ground water through aquifer material and the design & operation of water supply wells
- distribution system components, operation & management

The New Mexico Environmental department (NMED) has contracted with Daniel B. Stephens & Associates, Inc. (DBS&A) to provide this FREE training to operators and board members. Participants will receive 6.0 training credits for attendance.
